

Emigratie en fiscus

Erik Sansen en Gertjan Verachtert Sansen International Tax Lawyers The book “Emigratie en Fiscus” (Emigration and tax administration) focuses on the tax consequences of moving away from Belgium, but also gives insight in the tax regimes that several EU/Swiss countries have developed over the years to attract taxpayers from abroad. The book is published in Dutch, but obviously could not have been written without the valuable contributions of the correspondents in the United Kingdom, Portugal, Switzerland, Malta, Cyprus and Italy. Treating of a case with cross-border tax aspects is in practice only possible with high-level input from lawyers in the involved countries.
